

TOUCH SCREEN DIGITAL LOCKER LOCK

KM1603-BPMK

NEW Model with Master Override Key

KSQ's KM-1603BPMK Digital Cam lock features a Touchscreen keypad for PIN operation.

It's the perfect affordable retrofit for upgrading conventional Key Operated Cam Locks

PINS can be set between 4-15 digits and easily changed by users without any special tools

The KM1603-BPMK can be switched between public and private modes in seconds by Master PIN at the Keypad

Simple Battery changes without having to remove lock from doors

Black ABS durable construction makes KM1603-BPMK a very affordable digital locker that suits most locker applications.

Features a mechanical Master override key as well as a Master Override PIN
